## Risk mitigation protocol in the context of Covid-19 for participants of the IWAS Wheelchair Fencing World Cup Brazil 2022- Update on April 02, 2022

### 1. Requirements for Entrants Before the Competition

#### 1.1. Travel organization

- Check all requirements, conditions and exemptions mentioned in the invitation letter published on the CBE – Brazilian Fencing Confederation website.
- Check airline requirements.
- Plan more time to travel than usual. It is everyone's responsibility to plan the trip so that they can undergo all necessary Covid-19 tests before traveling and in the host country.
- Take the necessary tests to enter the host country. These tests are the responsibility of the participants.

#### 1.2. Administrative obligations

- Read and respect the COVID-19 and Safety Plan.
- Read and respect the rules communicated by the host organizers.

#### 1.3. Accommodation

- It is recommended to book single rooms for participants. This is to prevent all its occupants from having to be quarantined and eliminated from competition, due to a positive result for Covid-19.
- Any meeting in hotel rooms should be avoided.
- If the hotel is within walking distance of the event venue, participants must refrain from traveling to other locations.

#### 1.4. Equipment

Equipment (bags, masks, gloves, and weapons, etc.) must be disinfected by the fencers before competition.

### 2. Tests required by ANVISA - Brazilian National Health Agency - for entry into Brazil - [updated April 1, 2022]

Foreign and Brazilian travelers abroad must present to the airline responsible for the flight, before boarding:

#### 2.1. proof of vaccination, printed or electronically

A traveler who has completed the primary vaccination schedule at least fourteen days before the date of departure is considered to have been fully vaccinated, provided that:

- immunizing agents approved by Anvisa, the World Health Organization or the authorities of the country where the traveler was immunized are used; and

- o Vaccination vouchers contain, at least, the name of the traveler and the following vaccination data:
  - a. The trade name or manufacturer's name;
  - b. Lot(s) number(s) of the applied dose(s); and
  - c. Date(s) of application of the dose(s).
- Vaccination vouchers in which the data provided above are available exclusively in QR-CODE format or in any other coded language will not be accepted.
- Sars-Cov-2 (covid-19) recovery certificates will not be accepted in lieu of proof of complete vaccination. Antigen test (performed within 24 hours prior to departure); or
- RT-PCR laboratory test (performed within 72 hours prior to departure).
- Documents issued abroad must be presented in Portuguese, Spanish or English. Tests required by ANVISA - Brazilian National Health Agency - for entry into Brazil

### 3. Requirements for Participants During the Competition

#### 3.1. Vaccination tests and proof

All participants in the competition – athletes, coaches, referees, delegates, etc. must present:

#### 3.2. proof of vaccination

The application of the last dose or single dose must have occurred at least 14 days before the date of departure

#### 3.3. competition audience

- Must present antigen test performed within 24 hours prior to the start of the competition or TR-PCR test carried out within 72 hours before the start of the competition OR
- Present proof of vaccination, and the application of the last dose or single dose must have occurred, at least, 14 days before the competition start date.

### 4. Recommended Sanitary Measures

- Consult a doctor in case of symptoms
- Fencing masks, gloves and weapons must be disinfected by fencers before the Competition
- It is not allowed to share equipment with another participant.
- Keep a sanitary distance of 1.5 meters
- The use of face masks is recommended at all times, except during training, during competitions, during meals and in open environments with good air ventilation.
- Referees must use hand sanitizer before and after each bout.
- Competition doctor and medical staff must wear face masks and gloves.
- During rest periods, it is recommended that all persons in the fencing rink area keep a distance of 1.5 meters from the fencer(s).
- Participants must bring their own water bottle and must not share it with anyone.
- Compliance with any additional measures proposed by IWAS, CBE or local regulations is mandatory.

### 5. Impacted rules and practices

- The fencers' handshake at the end of the bout is replaced by a salute.
- Screaming after a marked ring is suspended until further notice.
- Hugs, kisses or congratulatory handshakes are suspended until further notice.
- We recommend that participants, when sitting in the stands while preparing for the competition, keep the sanitary distance of 1.5m.

## 6. Presentation and Award Ceremonies

- It is recommended that during the presentation of fencers and presentations on the track and delivery of medals distance, keep to 1.5 meters.
- Medals and gifts given to fencers on a cushion or tray and fencers must pick them up.
- Trays must be disinfected after each ceremony.

## 7. Penalties

Event accredited by the exclusion of the protocol or refusal in compliance with the Covid-19 protocol.
